1.1. The overarching purposes of this Policy on Response and Prevention of Sexual Violence (the “Policy”) are to reaffirm Laurentian University’s (the “University”) commitment to a safe and healthy campus for study, for campus community life and for work life for members of the University community and its commitment to provide support to all members of the University community directly affected by sexual violence.

1.2. This Policy is also intended to:

1.2.1. Set out the University’s statement of values and commitments to address sexual violence;

1.2.2. Provide information about supports and services available at the University and in the community and to ensure appropriate and timely follow-up once a report is made to the University;

1.2.3. Provide information about the University’s process for responding to and addressing incidents and complaints of sexual violence; and

1.2.4. Meet the University’s obligations under Bill 132, An Act to amend various statutes with respect to sexual violence, sexual harassment, domestic violence and related matters, the *Ministry of Training, Colleges and Universities Act, 1990* the *Occupational Health and Safety Act, 1990* (the

"OHSA"), and the Ontario *Human Rights Code, 1990* with respect to sexual violence and sexual harassment.

## 2. SCOPE

2.1. This Policy addresses sexual violence involving all members of the University community, whether they are in the University's learning or work environment, on or off campus, or interacting through social or other electronic media. The learning and working environment encompasses any setting where University learning, working or other activities take place, whether in the classroom, lab, in other teaching, research, study or office settings, including the online environment, in co-op or practicum placements, in a University student residence or in connection with clubs or sport teams.

## 3. COMPANION POLICIES

3.1. This Policy is part of a tetralogy of University policies that support learning and working places free from discrimination, harassment, sexual harassment, bullying, violence and sexual violence. Including:

3.1.1. Laurentian University Code of Student Rights and Responsibilities;

3.1.2. Laurentian University Policy and Program on a Respectful Workplace and Learning Environment; and

3.1.3. Laurentian University Policy and Program on Workplace Violence Prevention.

3.2. This Policy does not replace or supersede existing collective agreement provisions relevant to addressing sexual violence.

## 4. INTERPRETATION

4.1. This Policy must be read and interpreted within the context of the overarching purposes referred to in section 1.

4.2. The following definitions are intended to assist in the interpretation of this Policy as well as other related University policies mentioned in paragraph 3.1.

## 5. DEFINITIONS

5.1. "Consent" refers to an active, direct, voluntary, and conscious choice and agreement to engage in any sexual activity by a person capable of consenting. These elements of consent must be present. It is not acceptable for a person who is said to have engaged in sexual violence to use their own consumption of alcohol or drugs as an excuse for their mistaken belief that there was consent. For further clarity, consent:

5.1.1. Can be revoked at any time;

- 5.1.2. Cannot be assumed nor implied;
  - 5.1.3. Cannot be given by silence or the absence of “no”;
  - 5.1.4. Cannot be given by an individual who is incapable of consenting due to intoxication by alcohol or drugs;
  - 5.1.5. Cannot be given by an individual who is unconscious or asleep;
  - 5.1.6. Cannot be obtained through threats or coercion;
  - 5.1.7. Cannot be given if the person who is said to have engaged in sexual violence has abused a position of trust, power or authority; and
  - 5.1.8. Might not be given properly if an individual has a disability that limits their verbal or physical means of interaction – in such instances, it is extremely important to determine how consent will be established.
- 5.2. “Disclosure” refers to when someone discloses to a campus official that they have experienced sexual violence. A disclosure does not constitute a report/complaint.
- 5.3. “First responder” refers to the person to whom the affected member of the University community initially disclosed. This could be a friend, staff member or faculty member. They may be significantly affected by the disclosure of sexual violence and may also be in need of support.
- 5.4. “Rape culture” refers to a culture in which dominant ideas, social practices, media images, and societal institutions implicitly or explicitly condone sexual assault by normalizing or trivializing sexual violence and by blaming survivors for their own abuse.
- 5.5. “Report/Complaint” refers to a formal report or complaint of an incident of sexual violence under this Policy for the purposes of initiating some form of investigation or adjudication.
- 5.6. “Respondent” refers to an individual against whom a complaint has been made under this Policy.
- 5.7. “Sexual assault” refers to any type of sexual contact without mutual consent. This may range from kissing and fondling to intercourse or other sexual acts. Any physical contact of a sexual nature without consent is sexual assault.
- 5.8. “Sexual Harassment” means:
- 5.8.1. Engaging in a course of vexatious comment or conduct against a person in a workplace, learning environment and/or housing accommodation because of sex, sexual orientation, gender identity or gender expression, where the course of comment or conduct is known or ought reasonably to be known to be unwelcome, (*in some cases, one incident could be serious enough to be sexual harassment*);
  - 5.8.2. Making a sexual solicitation or advance where the person making the solicitation or

- advance is in a position to confer, grant or deny a benefit or advancement and the person knows or ought reasonably to know that the solicitation or advance is unwelcome;
- 5.8.3. An implied or expressed promise of reward for complying with a sexually oriented request;
- 5.8.4. An implied or expressed threat of reprisal or actual reprisal for refusing to comply with a sexually oriented request;
- 5.8.5. A sexually oriented comment or behaviour that may reasonably be perceived to create a negative psychological and emotional environment for a workplace, learning environment or housing accommodation;
- 5.8.6. Indecent exposure, voyeurism, degrading sexual imagery, degrading comments (in person or online) and cyber harassment.
- 5.9. "Sexual violence" refers to any sexual act or act targeting a person's sexuality, gender identity or gender expression, whether the act is physical or psychological in nature, that is committed, threatened or attempted against a person without the person's consent and includes sexual assault, sexual harassment, stalking, indecent exposure, voyeurism, sexual exploitation, distribution of sexual images or video of a community member without their consent, and cyber stalking of a sexual nature.
- 5.10. "Sexual Violence Response Team" refers to a panel that may be called upon, where appropriate, pursuant to 7.5.2, to consider the desires/needs of the affected members of the University community and the safety of the campus. The Team is comprised of:
- 5.10.1. The Director of Campus Safety or designate,
- 5.10.2. A designate of the Equity, Diversity and Human Rights Office,
- 5.10.3. If the sexual violence involves a student, either as the Complainant or Respondent, the Director, Student Success Centre or designate,
- 5.10.4. If the sexual violence involves a non-academic employee, either as the Complainant or Respondent, the Associate Vice-President Human Resources and Organizational Development or designate,
- 5.10.5. If the sexual violence involves an academic employee either as the Complainant or Respondent, the Dean of the Faculty in which the academic employee reports,
- 5.10.6. If the sexual violence occurs in a Laurentian residence complex, the Manager of Residence Life or designate, and
- 5.10.7. If the sexual violence involves an indigenous student, the Director of the Indigenous Sharing and Learning Centre, or designate if applicable and/or required.

5.11. "Survivor" refers to an individual who has experienced sexual violence.

5.12. "University community" refers to all individuals who have a relationship with or to the University, including but not limited to:

5.12.1. Students, meaning individuals registered as students at the University, whether full time or part-time, at the undergraduate or graduate level;

5.12.2. Employees, including all unionized and non-unionized academic, and non-academic staff as well as those whose salary is paid through sources other than the University's operating funds, such as grants, research grants and external contracts;

5.12.3. Adjunct, visiting and emeritus professors; post-doctoral or clinical fellows; research trainees; and medical residents;

5.12.4. Contractors, consultants, suppliers or other entities engaged by the University to provide services or goods when on University property or while acting in a capacity defined by their relationship to the University;

5.12.5. Members of the Board of Governors, of the Senate and any of their respective committees, as well as members of any advisory committee formed to help the University achieve its goals;

5.12.6. Employees of employee and student groups when on University property or while acting in a capacity defined by their relationship to the University;

5.12.7. Visitors, including visiting students and volunteers or persons who serve on advisory or other committees.

6.3. The University seeks to prevent sexual violence, including by intervening and speaking out when the University sees it occurring.

- 6.6. The University is committed to a survivor-centered approach to addressing issues of sexual violence and the development of English and French language services.
- 6.7. The University acknowledges and combats broader social attitudes about gender, sex and sexuality that normalize sexual violence and undermine women's equality. These are sometimes referred to as rape culture.
- 6.8. The University ensures that a Complainant acting in good faith, who discloses or reports sexual violence, will not be subject to actions for violations of any University policies related to drug and alcohol use at the time the sexual violence took place.
- 6.9. The University ensures that during the institution's processes, students who share their experience of sexual violence through disclosing, accessing support, and/or reporting to the University, will not be asked irrelevant questions from University staff or investigators, such as those relating to past sexual history or sexual expression.

- 6.11. The University will provide or make available to members of the University community education and awareness training on this Policy and on the prevention of sexual violence, with content tailored to the audience and relevant to their role and responsibility in responding to and addressing sexual violence.

## 7. DISCLOSING AND/OR REPORTING SEXUAL VIOLENCE TO THE UNIVERSITY

### 7.1. General provisions about disclosure and reporting

- 7.1.1. A disclosure of sexual violence does not constitute a report/complaint of sexual violence. An affected member of the University community may disclose for the purposes of receiving support without filing a report/complaint.
- 7.1.2. Prior or subsequent to disclosing and/or reporting the matter to anyone at the University, the person is encouraged, and is always free, to consult with or seek the advice and support from the relevant student association, union or other employee group about the matter, including regarding confidentiality, support and services, and the complaint process.
- 7.1.3. If an incident of sexual violence is disclosed to a member of the University community, the person to whom it is disclosed should refer the person disclosing to this Policy, and inform the person that information about on and off campus supports is provided on a dedicated Laurentian University Prevention and Response to Sexual Violence website:  
<https://laurentian.ca/policies-accountability/sexual-violence>.

### 7.2. Confidentiality

- 7.2.1. Disclosures and reports of sexual violence to the University will be treated in a confidential manner and in accordance with the *Freedom of Information and Protection of Privacy Act* and in accordance with the provisions of applicable collective agreements.
- 7.2.2. All members of the University community who receive a disclosure and/or report of sexual violence or who are involved in addressing or investigating it must keep the matter confidential in order to safeguard individuals against unsubstantiated allegations, to protect the rights of those involved in the allegations and prevent an unjustified invasion of their personal privacy and to preserve the integrity of the investigation.
- 7.2.3. The University will make every reasonable effort to maintain confidentiality when it becomes aware of an incident of sexual violence and will limit disclosure of information about individuals to those within the University who need to know for the purposes of, or those consistent with, addressing the situation, investigating or taking corrective action. Under the following circumstances, however, the University might face additional legal obligations and may not be able to guarantee complete confidentiality if:
- 7.2.3.1. An individual is at risk of self-harm;
- 7.2.3.2. An individual is at risk of harming an identified individual;
- 7.2.3.3. Members of the University community or the broader community may be at risk of harm; and/or

7.2.3.4. Reporting or investigation is required by law.

7.2.4. If an affected member of the University community or other person requests that the University not act on a disclosure of sexual violence, the University must weigh that person's request against the University's legal obligation to take action and provide a learning and working environment that is safe and free from sexual violence for all members of the University community.

### 7.3. Report in an emergency

7.3.1. In an emergency on campus (imminent threat of sexual violence and of harm to a person or sexual violence is actually occurring), call 911. A report can also be made to Campus Safety.

7.3.2. When a person reports an incident of sexual violence to Campus Safety, Campus Safety must inform the Equity, Diversity and Human Rights Office for follow-up as referred to in paragraph 7.5 of this Policy.

### 7.4. Report and/or disclosure in a non-emergency

7.4.1. The Equity, Diversity and Human Rights Office is responsible for handling all reports of sexual violence involving members of the University community in a non-emergency situation, whether the sexual violence has occurred on or off campus. The Equity, Diversity and Human Rights Office will provide information about available support and services, including information about interim measures that may be available to address the immediate situation and is the point of contact for a survivor affected by sexual violence to obtain academic, employment or other accommodations.

### 7.5. Follow-up on a report

7.5.1. When a person reports or discloses sexual violence to Campus Safety or to the Equity, Diversity and Human Rights Office, the Equity, Diversity and Human Rights Office will contact the person to learn more about the circumstances, the person's needs and expectations, and the outcome sought. The survivor has the option to meet with the Equity, Diversity and Human Rights Office in a safe location on campus, and may bring a support person to any meeting as described in 8.1.3. The Equity, Diversity and Human Rights Office will make every effort to assist the person and will discuss with the person potential options to address or resolve the matter in a timely and supportive way, the appropriateness of which will depend on the person's needs and on the circumstances. The following is a list of examples that is not meant to be exhaustive:

7.5.1.1. Referral to contacts for suitable supports, services or resources available at the University and in the community;

7.5.1.2. Providing information to the person on what they can do or what the Equity, Diversity and Human Rights Office or other person may do to intervene in the situation;

7.5.1.3. Communication with the person who is said to have engaged in sexual violence to inform that person that the conduct is unwelcome;

- 7.5.1.4. Availability of interim academic or employment accommodation or other measures to stabilize a situation or to protect the person from retaliation or the threat of retaliation, to address safety or other concerns, and/or otherwise support the person (examples for students include exam or assignment deferral, class and/or schedule changes, housing changes; examples for employees include making changes that are not disciplinary but precautionary to avoid contact between parties or placing the person who is said to have engaged in sexual violence on a temporary non-disciplinary leave with pay);
  - 7.5.1.5. Information about methods available to facilitate a resolution;
  - 7.5.1.6. Information about the filing of a formal complaint under this Policy; and
  - 7.5.1.7. Information about any other available options to address or resolve the matter.
- 7.5.2. The Equity, Diversity and Human Rights Office may, where appropriate, engage the Sexual Violence Response Team to ensure the safety, follow-up and support for those involved in the report of sexual violence. The Sexual Violence Response Team must ensure that the following steps take place and that there is follow-up:
- 7.5.2.1. The person who has disclosed or reported an experience of sexual violence is given information regarding internal and external personal support and advocacy services, and internal (non-criminal) and external (criminal and other legal proceedings) complaint processes;
  - 7.5.2.2. Appropriate academic, employment or other accommodation and interim measures are made available and implemented to stabilize the situation and/or separate the parties and to address any safety or security concerns; and
  - 7.5.2.3. A threat assessment is conducted.
- 7.5.3. The Equity, Diversity and Human Rights Office and/or the Sexual Violence Response Team can, on a confidential, need to know basis, consult or seek the assistance of other internal authorities or resources for direction and can consult or seek the assistance of external parties relevant to the particular incident, such as the student federation, employee associations, rape crisis centres and counselling services.

## 7.6. Support and services

- 7.6.1. A person affected by sexual violence is not required to report an incident of or make a complaint about sexual violence under the formal complaint process of this Policy in order to obtain the supports and services referred to below or in order to receive appropriate accommodation for their needs.

8. GENERAL PROVISIONS ON THE COMPLAINT PROCESS

8.1. Principles governing the process

8.1.1. External recourse: This Policy and the complaint process do not prevent and are not intended to discourage an individual from also reporting sexual violence to the police and pursuing a complaint of sexual violence through the criminal justice system or from pursuing a complaint of sexual harassment with the Ontario Human Rights Tribunal pursuant to the Ontario Human Rights Code.

8.1.2. Choice not to file a formal complaint or not to investigate: A person may choose not to file a formal complaint under Section 9 of this Policy. If a person decides not to file a formal complaint

under Section 9 of this Policy or requests that the University not investigate, the full range of supports and services outlined in paragraph 7.6 of this Policy remain available to that person. To the greatest extent possible, the University will respect the person's choice not to proceed with a formal complaint under this Policy or a request that the University not investigate. However, the University may not be able to fulfill the person's wishes and the Equity, Diversity and Human Rights Office can initiate an investigation if it has reason to believe that a member of the University community or broader community may be at risk of harm or if it determines that the University has a legal obligation to investigate, following the formal complaint process outlined in section 9. In such cases, the person has the right not to participate in such an investigation. If requested by the person and subject to any applicable collective agreement provisions and access to information and privacy legislation, they will be given an update on the status of such investigation and informed of its result, including the imposition of disciplinary action/corrective measures, if any.

8.1.3. Support person: The Complainant or the Respondent can be accompanied by a support person of their choice at any time during the formal complaint process outlined in this Policy. The support person can provide encouragement or other emotional or moral support. The support person, with the person's written authorization, can speak with the Equity, Diversity and Human Rights Office and obtain status updates on a complaint. The support person's role is not to act or speak on behalf of the Complainant or Respondent; representations (both oral and written) must come directly from the Complainant and Respondent. The support person must agree in writing to maintain confidentiality in accordance with this Policy.

8.1.4. Deadlines and timelines: The deadlines mentioned in this Policy are meant to ensure that the matters are dealt with in a timely fashion. Deadlines may, however, be extended where there are grounds to do so. It can be difficult to determine appropriate timelines for the resolution, investigation or a final disposition with respect to a formal complaint. Therefore, where no deadlines are mentioned in this Policy, the intention is always to use a reasonable time period in light of the nature and complexity of the circumstances of the complaint.

## 8.2. No Reprisal or Retaliation

8.2.1. There shall be no reprisal or retaliation nor any threat of reprisal or retaliation against anyone pursuing their rights in good faith under this Policy or who has provided information in good faith regarding a complaint, incident or report of an incident of sexual violence. Any such alleged reprisal or retaliation or threat thereof shall be equivalent grounds for laying a complaint under this Policy. Retaliations can also constitute infractions under applicable legislation. Persons who engage in reprisals and retaliation and/or threats of reprisal or retaliation may be disciplined up to and including being expelled from the University and/or dismissed from employment.

### 8.3. Informal Resolution

8.3.1. Following a complaint being filed, in appropriate circumstances, a Complainant and/or the Respondent may propose an informal resolution process before an investigation is commenced or completed, in appropriate circumstances, which include:

8.3.1.1. The nature of the incident is appropriate to an informal resolution process; and

8.3.1.2. The Complainant and the Respondent are fully informed and freely agree to participate in an informal resolution process.

8.3.2. At any stage during the informal resolution process, the Complainant has the right to request a formal investigative process under section 9.

8.3.3. Examples of informal resolution processes include mediation, negotiation, facilitation, conflict resolution conferences, restorative justice including healing circles, and other dispute resolution techniques. The parties are not required to attend any face-to-face meetings unless they both consent to do so.

8.3.4. If the parties are able to reach a resolution, the Equity, Diversity and Human Rights Office will prepare a written record of the resolution to be signed by both parties. A copy of the signed resolution agreement will be provided to both parties, and to appropriate University officials on a need to know basis if required to implement the terms of the resolution. If there is a failure to comply with the terms of resolution agreement, the complaint may proceed to the formal process under section 9.

## 9. FORMAL COMPLAINT PROCESS

### 9.1. Filing a formal complaint

9.1.1. The Equity, Diversity and Human Rights Office is responsible for receiving and handling formal complaints of sexual violence. Only a survivor who reports experiencing sexual violence can choose to file a formal complaint under this Policy (the "Complainant").

9.1.2. A formal complaint can be filed with the Equity, Diversity and Human Rights Office if the individual who is said to have engaged in sexual violence is a member of the University community and was a member of the University community at the time of the incidents alleged in the formal complaint (the "Respondent").

9.1.3. A formal complaint must set out in writing the name of the Respondent, the nature and the details of the circumstances, including detailed facts, specific dates and names of potential witnesses. The Equity, Diversity and Human Rights Office will acknowledge receipt of any formal complaint received, review it and if necessary, seek clarification from the Complainant on the information it contains.

## 9.2. Equity, Diversity and Human Rights Office's assessment

- 9.2.1. The Equity, Diversity and Human Rights Office will assess the formal complaint and determine whether the conduct forming the basis of the complaint appears to fall within the definition of sexual violence as set out in Section 5 of this Policy, or whether the complaint should be referred for review under a companion University policy as described in section 3.
- 9.2.2. If the Equity, Diversity and Human Rights Office concludes that the Respondent in a complaint is a member of the University community, the Equity, Diversity and Human Rights Office will then follow the process outlined under section 9.4 (Investigation).
- 9.2.3. If the Equity, Diversity and Human Rights Office considers that the conduct complained of does not fall within the definition of sexual violence as set out in Section 5 of this Policy, or is frivolous, vexatious, or made in bad faith, the Equity, Diversity and Human Rights Office will convey this assessment in writing to the Complainant and inform the Complainant of his, her or their right to request a review under paragraph 9.3 of this Policy, and the Equity, Diversity and Human Rights Office will provide the applicable timelines and procedures for requesting this review.

## 9.3. Review of the Equity, Diversity and Human Rights Office's assessment

- 9.3.1. A request to review the Equity, Diversity and Human Rights Office's assessment of the complaint can be made only if the Equity, Diversity and Human Rights Office has determined that the complaint falls outside the definition of sexual violence as set out in Section 5 of this Policy.
- 9.3.2. If the Complainant disagrees with the Equity, Diversity and Human Rights Office's determination that the complaint is outside the definition of sexual violence as set out in Section 5 of this Policy, then the Complainant may ask the Sexual Violence Response Team (excluding any member of the Equity, Diversity and Human Rights Office) to review the Equity, Diversity and Human Rights Office's assessment, if the Complainant submits the request in writing within 10 business days after the date of the Equity, Diversity and Human Rights Office's determination. Upon review, the Sexual Violence Response Team's decision is final and will be communicated to the Complainant in writing.

## 9.4. Investigation

### 9.4.1. Notification

9.4.1.1. Once the Equity, Diversity and Human Rights Office has accepted the complaint for investigation based on the criteria noted above, it shall:

9.4.1.2. Notify the Respondent in writing that a complaint has been lodged. The Respondent will be provided with a copy or summary of the allegations, identifying the Complainant. The Respondent will also be provided with a copy of the Policy;

9.4.1.3. Where appropriate, inform the relevant Direct Supervisor for each party that a complaint has been filed and an investigation initiated. In addition, where appropriate, the Equity, Diversity and Human Rights Office will also recommend and/or discuss the need for Interim Measures;

9.4.1.4. Inform the relevant Union or Employee Association for each party that a complaint has been filed and an investigation initiated.

#### 9.4.2. Response

9.4.2.1. The Respondent shall have the right (but is not obliged) to respond in writing, within ten (10) working days of being notified. The response, if any, should either acknowledge or deny the validity of the allegations in whole or in part, provide additional information, and/ or propose a resolution of the complaint. A request for an extension of the response period will not be unreasonably withheld.

9.4.2.2. The Respondent is entitled to the same level of assistance in the process as is available to the Complainant. If they have not already done so, the Respondent has the right to meet with the Equity, Diversity and Human Rights Office to obtain information, guidance and assistance and discuss options. The Equity, Diversity and Human Rights Office will not directly assist the Respondent to prepare their response; a Respondent may seek such assistance from anyone else they deem appropriate, including legal counsel.

9.4.2.3. The Complainant shall be provided with a copy or summary of the response and has the right (but is not obliged) to reply to the investigator, in writing, within five (5) working days. The Complainant may, in their reply, accept the Respondent's proposed resolution, if there is one; propose or request an alternate resolution, withdraw some or all of the allegations; or reply to the Respondent's version of events.

9.4.2.4. The Respondent will be provided with a summary of the Complainant's reply, which ends this stage of the process.

#### 9.4.3. Investigation Initiation

9.4.3.1. Once the complaint is accepted for investigation, the Equity, Diversity and Human Rights Office will appoint an investigator, who is impartial and unbiased and who is trained in sexual violence investigation techniques, to conduct a fair, thorough and complete investigation of the complaint.

9.4.3.2. The Complainant or Respondent(s) may challenge the appointment of the investigator on the ground that the proposed investigator has a potential conflict of interest or that having the proposed investigator conduct the investigation raises a reasonable apprehension of bias. The challenge must be submitted in writing to the Equity, Diversity and Human Rights Office as soon as possible after the potential issue is identified and the Office will make a decision on the challenge within five (5) working days of having received it. That decision will be final.

9.4.3.3. Once the investigator has been appointed, the Equity, Diversity and Human Rights

Office shall provide all documentation relevant to the complaint to the investigator. The investigator will then devise a written investigation plan outlining the process to interview the Complainant, the Respondent, and all witnesses whom the investigator determines to have any information relevant to the complaint. In addition, the investigator shall include in the report the names of any potential witnesses that had no relevant information, or were not available to be interviewed. If it appears to the investigator that other persons not named by the parties may have information related to the complaint, every effort will be made to interview those potential witnesses. It may also be necessary to re-interview the parties before issuing the report.

9.4.3.4. The investigator is solely responsible for determining the scope of the investigation, including which witnesses, if any, are to be interviewed. The investigator shall collect, review, analyze and assess the facts with respect to the allegation(s). The investigator shall be permitted to draw inferences and to assess the credibility of the persons interviewed.

9.4.3.5. A typical investigation involves, but is not necessarily limited to, the information gathered in the complaint/response process, supplemented by interviews, if necessary, with the Complainant, Respondent and witnesses (in that order) and the review of any applicable documentary, physical, corroborative or contemporaneous or other evidence. Witnesses may include anyone who can provide information, records or details regarding an allegation or the circumstances surrounding a complaint. When material facts are not in dispute, interviewing witnesses may be unnecessary.

9.4.3.6. There is an obligation on members of the University community to cooperate in the investigation of a complaint.

9.4.3.7. If a Respondent decline to participate in the investigation process, in most cases it will be both possible and appropriate to proceed with an investigation without a statement (response) or interview of the Respondent.
